Teens: Natural Disaster Preparedness and Safety

Resources and Information for Teens

For Everyone

AUG. 25, 2026, VISIT LINK FOR DETAILS.

AT A GLANCE

If you're facing a natural disaster, be prepared by learning how to build an emergency kit, learning tips for staying safe at a disaster shelter, and building healthy coping strategies for dealing with stress.

Building your own emergency kit

Have an emergency "go kit" packed and ready to go.

Natural disasters can happen anywhere at any time. Whether you stay at home or go to a shelter, having an emergency “go kit” packed and ready to go

means having what you need close by.

Staying at a disaster shelter

Learn tips for staying healthy and safe at a disaster shelter.

Staying in a shelter can be hard. You might feel stressed being away from home, school, and your regular routine. It's important to take care of yourself and stay healthy.

Coping with stress

Learn healthy ways you can deal with stress after a natural disaster.

After a natural disaster, it's normal to feel different and strong emotions. Feeling

emotional, nervous, or having trouble sleeping and eating can all be normal reactions to stress. Here are some healthy ways you can deal with stress.
